## Move Bus Shelter at Shepherd of the Grove

*The original issue of this flyer listed the e-mail address below incorrectly. This revised flyer corrects that e-mail address below. If you e-mailed some feedback or questions on this topic and did not yet get a response from the Transit Administrator, your e-mail was not received. We apologize for this error and any inconvenience it created.*

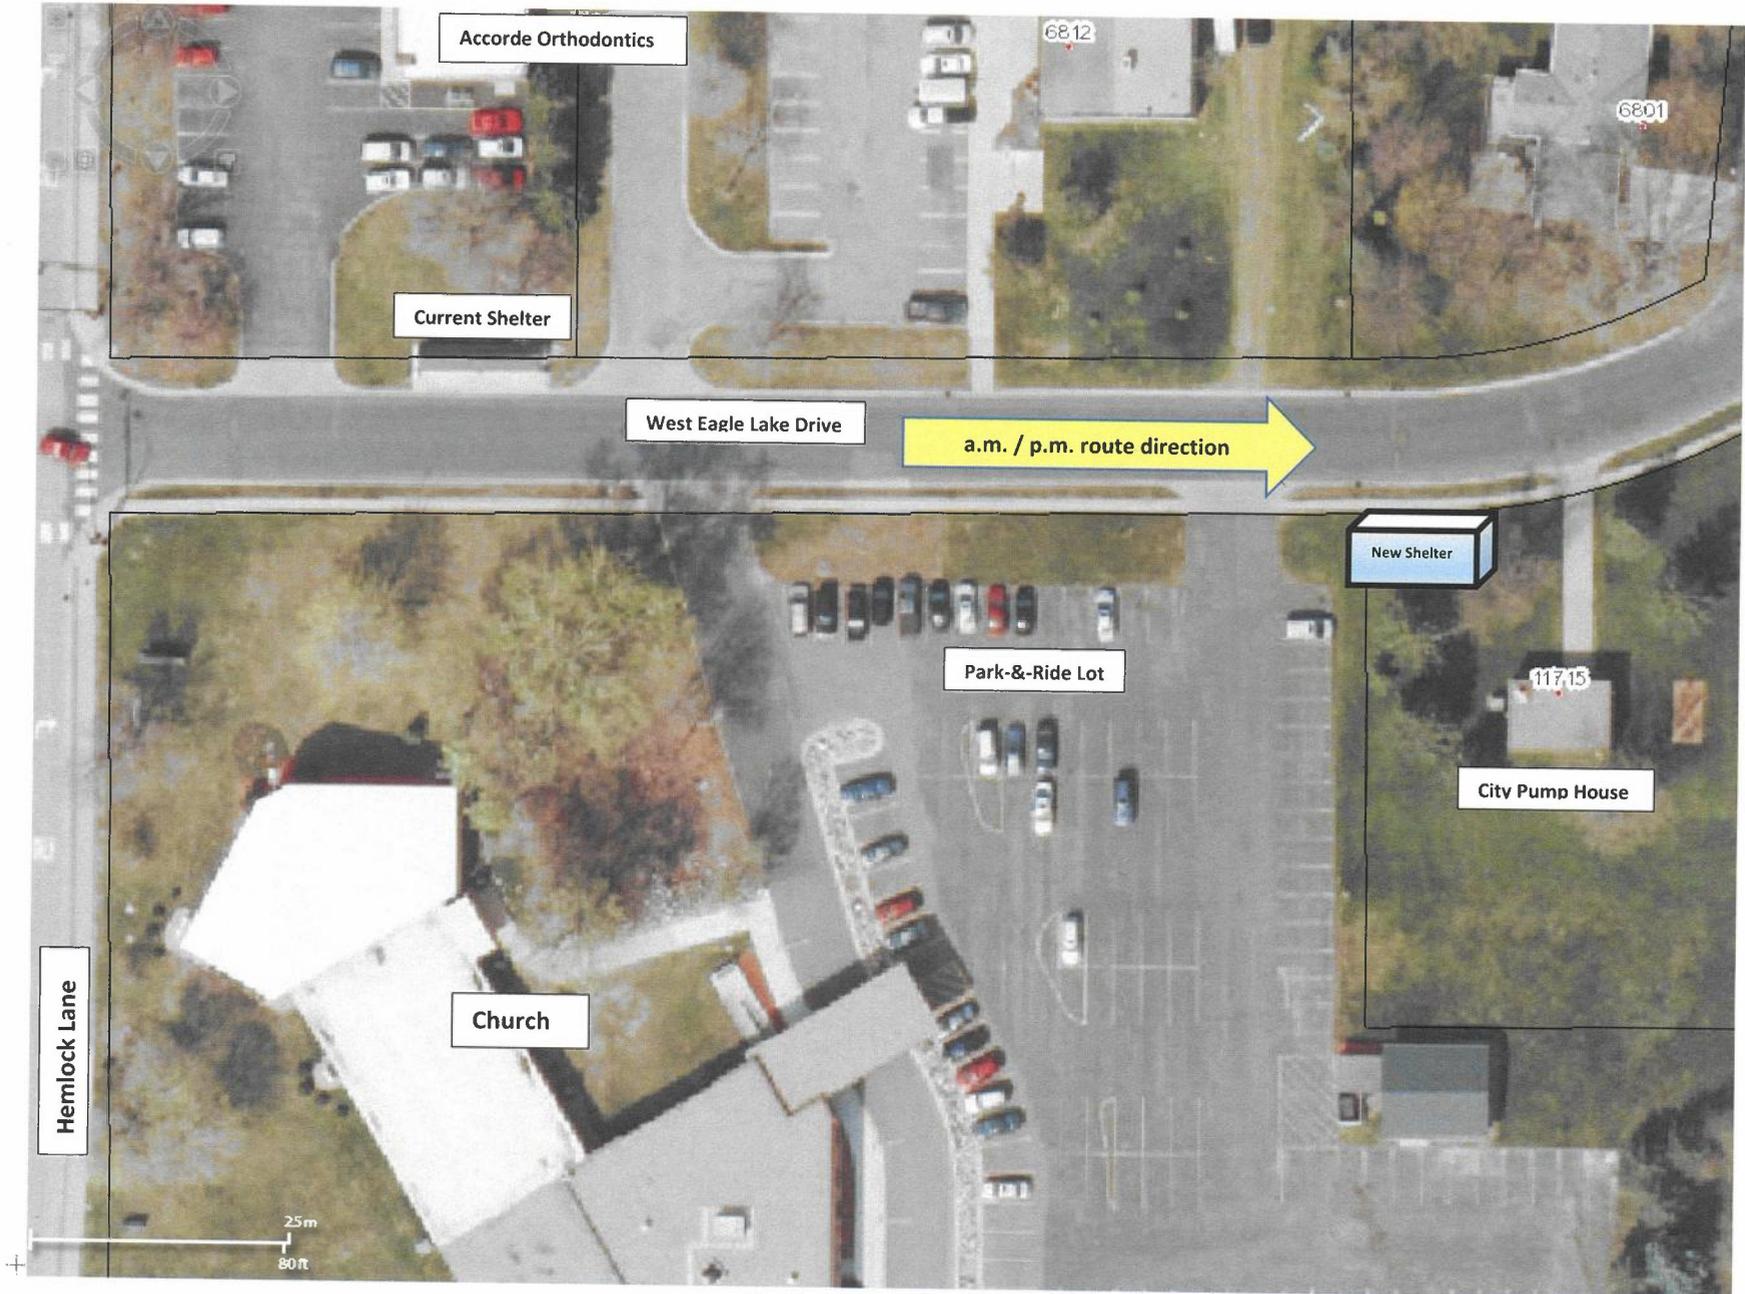

Maple Grove Transit is exploring a move of the bus shelter currently located across the street from the Shepherd of the Grove Church park-and-ride lot. The new destination would be on the same side of the street as the Church next to the City's well pump house on the east corner of the park-and-ride lot. **Exhibit A** is a graphical summary of the proposed shelter move. This new location would greatly improve pedestrian safety for the bus riders and allow the City to install electrical power to the shelter for lights and heaters. The current location of the shelter does not allow for an affordable means to get electrical power to the shelter.

With the proposed shelter move, the Route 780 morning buses would be re-routed to operate clockwise through the West Eagle Lake loop versus the current counter-clockwise routing. See **Exhibit B** for the new route direction. The new route direction would result in some minor trip time adjustments. The p.m. buses would continue their current counter-clockwise routing through the West Eagle Lake loop. **Exhibit C** is the current trip time schedule versus the proposed trip time schedule.

The goal would be make these changes effective August 24, 2015. If you have feedback on these proposed Route 780 changes, ***please comment by Friday April 17.***

You can comment via e-mail at [transit@maplegrovern.gov](mailto:transit@maplegrovern.gov) or 763-494-6005. Thank you.
