Rider Alert

Route 494 riders,

The Suburban Transit Association (STA) has made the decision to suspend service on the Suburb-to-Suburb Demonstration Route 494 between Shakopee and Maple Grove, effective Monday, April 4, 2016.

We thank you for riding this route and want to work with you to determine other commute options. Please visit the Commuter Services website at www.494corridor.org - you can provide your name, email address, starting and ending destination and work hours to determine what other options might be available to you. We apologize for the inconvenience.

In the next several months, the suburban providers will conduct a review of the initial service before considering a service relaunch later this year. Topics of discussion include frequency of service, last-mile considerations, a more focused route and sustainability. The STA Board is expected to reconvene later this spring to begin discussion of route options using criteria learned from key findings of the initial launch.

If you have other questions, please contact the MVTA at 952-882-7500.
