

REQUEST FOR COUNCIL ACTION

MEETING DATE: January 3, 2022

PREPARED BY: Joe Hogeboom, Director of Community and Economic Development

AGENDA ITEM: Designating 6200-7700 Lawndale Lane and 7700-9500 Dunkirk Lane as Maple Grove Parkway

PREVIOUS ACTIONS:

None.

RECOMMENDED COUNCIL ACTION:

Motion to adopt Ordinance No. 22-01 approving designating 6200 through 7700 Lawndale Lane and 7700 through 9500 Dunkirk Lane as Maple Grove Parkway.

Motion to adopt summary Ordinance No. 22-01 to reduce publication costs.

COMMENTS:

Maple Grove Parkway was developed in the 2000's to provide a new interchange with Interstate 94 and to make connections to the northern portion of Maple Grove. Maple Grove Parkway, which bears the city's name, makes vital connections to Maple Grove Hospital and other medical destinations, housing, jobs, and commerce. The name "Maple Grove Parkway" currently ends at County Road 30, with the southerly portion of the roadway referred to as Dunkirk Lane and Lawndale Lane.

To aid in wayfinding, and to provide a consistent name to the roadway corridor, it is recommended that the entire roadway be given one name. The name "Maple Grove Parkway" is recommended for its positive connotation to the community. With the renaming of the southerly portion of the roadway, and with the eventual extension of the roadway north of County Road 81, Maple Grove Parkway will traverse the entire city.
