

TO: Planning Commissioners

FROM: Joe Hogeboom, Director of Community and Economic Development

DATE: March 7, 2022

SUBJECT: Planning Commission Work Session

In recent months, several development proposals have come before the Planning Commission that include rental units. The Planning Commission has requested more information about rental housing from a licensing and land use perspective. Staff, as well as the City Attorney, will present information about current rental statistics, licensing procedures, and land use considerations.
