

# Attachment A

March 17th, 2022 - Community Garden Proposal

Maple Grove is a leader in the quality of life, beautiful design, and ease of access to amenities that its residents enjoy. A community garden would only add to those attributes. The reasons are illustrated in a presentation brought to you by the Maple Grove Community Garden Co-Op, a group that formed in 2020 with the purpose of bringing a successful community garden to the city of Maple Grove.

Please contact Emily Bergen at [emilybergen3@gmail.com](mailto:emilybergen3@gmail.com) with any questions about the slide presentation.
