Hi Cindy,

We were hoping to get these contract things squared away by end of this month I found out this week we hit another delay. I am requesting that we move the City Council for this one out to the 2nd meeting in May (May 16th I believe?)

Please consider this another extension to June 7th, just in case we need to hit the first meeting in June.

It is taking a little longer to get these things cleared up than we had hoped.

Please contact me with questions.

Thanks and have a good weekend,
Paul

Hi Cindy,

Please consider this email as an extension through May 20th due to us working through some contractual things with the seller.

Thanks for your flexibility,
Paul
