

REQUEST FOR COUNCIL ACTION

MEETING DATE: May 16, 2022

PREPARED BY: Jupe Hale, P.E.
Asst. Public Works Director/Asst. City Engineer

AGENDA ITEM: 2023-2027 Street Rehabilitation Program

PREVIOUS ACTIONS:

Council previously established street reconstruction programming and funding policies which were applied to projects beginning in 1997.

RECOMMENDED COUNCIL ACTION:

Motion to adopt the 2023 – 2027 Street Rehabilitation Program.

COMMENTS:

Staff mailed informational letters to all affected residents within the neighborhoods being considered for inclusion in the draft program, a total of 2,674 residential parcels. Staff conducted an online survey to solicit input and comments on the draft program, conducted two public informational meetings, and received responses to survey questions through mid-May 2022. In total, staff received 273 responses, or a response rate of 9.50%. Despite the low participation, staff did recommend some changes to the sequencing (program years) for the recommended program.

Attached is the report for the 2023-2027 Street Rehabilitation Program. Included in the report is a recommendation for the neighborhoods that should be included in the program by year.

It is recommended that Council adopt the 2023-2027 Street Rehabilitation Program as depicted in the attached report.
