

REQUEST FOR COUNCIL ACTION

MEETING DATE: June 6, 2022
PREPARED BY: Brandon Stenglein, P.E., Project Engineer
AGENDA ITEM: 2016-02 Fountains Area Improvement Project - Overnight Working Hours

PREVIOUS ACTIONS:

The Council previously awarded a contract to Valley Paving, Inc. for the Fountains Area Improvement Project No. 16-02 in the amount of \$568,902.00. The project consists of the modifications of the intersection of Fountains Way and Fountains Drive to improve traffic flow.

RECOMMENDED COUNCIL ACTION:

Motion to approve overnight working hours for the mill and overlay operations at the intersection of Fountains Way and Fountains Drive for the Fountains Area Improvement Project No. 16-02.

COMMENTS:

Work began on this project the week of May 2, 2022. Crews are now preparing for the fourth and final phase of the project. Part of phase four includes a mill and overlay of the intersection at Fountains Lane and Fountains Way. The contractor has requested overnight working hours the week of June 13, 2022 to perform this work. On night one, crews will mill the existing pavement. On the following night, crews will pave the entire area. Since this is a very busy intersection, performing this work during off peak hours will allow for a better product as well as ensure the safety of the crews, motorists and pedestrians.
