Motion to approve Resolution No. 22-107 accepting the Community Safety Grant in the amount of \$2,300 to be used toward hearing protection for police officers as part of the police department's hearing protection program.

---

**COMMENTS:** Travid Pobuda, Captain, Professional Standards Division

Hearing protection is an important aspect of police work. Occupational noises, to include firearms training noise protection, is a top priority. Annual hearing testing, conducted by an independent consultant, has provided a recommendation of providing officers hearing protection that is custom fit to ensure adequate protection. This grant will support the purchase of ear molded protection for all licensed officers, which is estimated at approximately \$7,000. The remainder of the cost beyond the grant amount will be paid from the police department's current budget.
