

REQUEST FOR COUNCIL ACTION

MEETING DATE: March 6, 2023
PREPARED BY: John Hagen, P.E., PTOE, Transportation Operations Engineer
AGENDA ITEM: Fernbrook Lane Corridor Study

PREVIOUS ACTIONS:
None

RECOMMENDED COUNCIL ACTION:

Motion to approve the proposal received by Transportation Collaborative & Consultants, LLC to provide professional services related to the completion of the Fernbrook Lane Corridor Study.

COMMENTS:

Fernbrook Lane, between County Road 30 and County Road 81, was recently part of a jurisdictional transfer from Hennepin County to the City of Maple Grove. In order to understand the existing and future corridor issues / needs, and identify a corridor vision that provides safety and mobility for all users, a corridor study is needed for this 1.2-mile segment of Fernbrook Lane. The corridor study will include an assessment of the existing and future transportation-related issues and needs, community engagement (in-person and virtual), alternative development and evaluation, and will conclude with a concept layout and a final report that will document the study findings, recommendations, and implementation strategies.

A proposal was received from Transportation Collaborative & Consultants, LLC to conduct a corridor study of Fernbrook Lane between County Roads 30 and 81. The total cost to complete the study is \$75,220.

It is recommended that the Council accept the proposal from Transportation Collaborative & Consultants, LLC to provide professional services related to the completion of the Fernbrook Lane Corridor Study at a total cost of \$75,200. The funding source for the project will be the city's trunk transportation fund.
