April 6, 2021

Dear Resident/Property Owner:

At the April 5<sup>th</sup> City Council Meeting, the Council held the Public Hearing and Special Assessment Hearing for City Project 2021-02: Energy Hills, Woodland Ponds and Wintergreen Area. The City Council heard public comment, discussed the merits of the project as proposed, ordered the project for 2021, and approved the special assessments. The properties on the approved assessment roll are scheduled to be certified in late 2021, at which time they will be sent to Hennepin County for collection on property taxes, starting in 2022.

The special assessment levied for your Multi-Family Residential property is \$4,080.00. Enclosed is the official Notice of Public Hearing and Notice of Special Assessment Hearing, published in the Osseo-Maple Grove Press on March 11 and March 18, 2021. In it, you will find information regarding affected properties, payment options, appeals process and senior citizen deferment options.

**PAYMENT OPTIONS:**

- 1) **Prepayment** – You may elect to prepay your assessment, partially or in full, prior to certification to Hennepin County, which will eliminate any interest charges to the amount prepaid. At any time before **November 30, 2021**, you may prepay your assessment at the Government Center in person or via mail. **You will not receive a bill.** Our address is:

**City of Maple Grove  
Attn: Special Assessments  
12800 Arbor Lakes Pkwy  
Maple Grove, MN 55369**

- 2) **Hennepin County Property Taxes** – Any amount that remains unpaid as of November 30, 2021 (the “principal”) will be certified for collection by Hennepin County as part of your semi-annual property tax bill. Payment terms are 20 years at 4% annual interest, beginning in 2022. An amortization schedule (assuming no pre-payment) is attached. As stated above, you may elect to reduce the principal by remitting partial payment to the City prior to November 30, 2021. **You will not receive a bill to this effect.** Upon receipt of any partial payment, a new amortization schedule will be prepared reflecting the revised annual payment schedule.

**“Serving Today, Shaping Tomorrow”**

AN EQUAL OPPORTUNITY EMPLOYER

3) **Payoff of Remaining Principal** – You may elect to pay off the remaining principal at any time during the 20-year collection period. However, it is important to understand that a full year of interest is applied to the outstanding principal if payoff is not made **prior to November 15 of the previous year**. For example, should you wish to pay off remaining balance so that you don't accrue interest in 2024, you must make full payment of balance prior to November 15, 2023. Otherwise, your payoff balance will reflect the full year of interest for 2024, regardless of when payment is actually made. Payoff of remaining balance can be made at the Government Center in person or via mail at the above address. Please call 763-494-6363 to verify payoff balance prior to submitting payment.

**ASSESSMENT INFORMATION:**

- 1) **Tax Implications** – The assessment may be tax deductible per IRS Publication 530. Please contact your tax preparer for further information.
- 2) **Senior Citizen Deferment** – The City has a policy for the deferment of special assessments (interest applies) for senior citizens or permanently disabled residents. If you would like more information about this deferral, please contact Amy Dierkhising, Special Assessments Technician, at 763-494-6363.

**CONSTRUCTION:** Construction will begin this spring (2021). Prior to beginning construction, you will receive more specific information about the schedule for the project in your neighborhood, directions to the project web page including e-mail alerting options. We are requesting residents notify us of any considerations within **2 weeks** of receiving this letter if they have irrigation lines and/or an invisible pet fence in their yard, or if you are planning on widening your driveway during the work this summer. Please include a point of contact and your home's address in an **email**, no phone call notifications please. If you have any questions about the construction process, please contact Joseph Bzdok, Engineering Project Coordinator, at 763-494-6362.
