Contractor Phone:

The purpose of this questionnaire is to assist the Maple Grove Fire Prevention staff in determining the code requirements for your building or tenant space. The requirements are based on the Minnesota State Fire Code and Maple Grove City Code, Fire Prevention Code and applicable standards such as NFPA 13. The following should be completed and signed by a person qualified to answer these questions correctly. This may include the architect, owner, or fire protection engineer. Complete plans that indicate how your suppression system will be designed, and how all storage will be stocked or maintained must be submitted with this questionnaire.

Commodity Class:

Source: IFC

NFPA
