APPLIES TO CONTRACTORS ONLY

LEAD CERTIFICATION

- Issuance of permits by the Maple Grove Building Department will be guided by statute.
- Contractors desiring to do work on pre-’78 homes must have the appropriate lead certifications.
- Company offering services must have “firm certification”.
- The method of validation of certification will be the US Environmental Protection Agency Web Site. [http://cfpub.epa.gov/flpp/searchrrp_firm.htm](http://cfpub.epa.gov/flpp/searchrrp_firm.htm)
- If your name is not on the web site list, you will not get a permit, no exceptions!
- If you believe your project qualifies for an exemption under the Federal Code of Regulations, it is your responsibility to provide the text of the regulation and show that the work meets the requirements of the text (photos, drawings, text). The submittal must be in writing and will be subject to review prior to permit issuance.
- Note: The federal lead certification law went into effect on April 22, 2010.
